

Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

tory, Bowling Green, Ky., without expense, to individuals who have been bitten by rabid dogs or other animals. Dogs' heads suspected of being mad should be sent to the laboratory, by express prepaid, and the result of the examination will be telephoned or telegraphed.

VERMONT.

Foodstuffs—Protection by Screens or Coverings Required. (Reg. Bd. of H., July 29, 1914.)

Every person, firm, or corporation engaged in the sale, storage, or transportation of fruit and vegetables which may be eaten uncooked, meats, bakery products, or other foodstuffs used for human consumption shall cause his wares or those under his charge to be properly protected against contamination by insects, dust, dirt, or other unwholesome material by the use of screens or other suitable coverings.
